COMPLAINT

Count 1. Is for recovery of Premiums paid. In the Amount of \$20,000.00 (Tax Free) reimbursement per Retired Military Employee over age 65 for the suffering and pain of being discriminated Against and loss of

premiums paid from Social Security withholding for Medicare Part B and for supplemental insurance costs for insurance Medicare, plus out of pocket costs on deductables.

Count 2. Is for discrimination based on age, and the fact that as Government employees, the military retired employee are the only group of Federal employees not fully/or nearly fully subsidized.

Count 3. Taking of property right under 5th Amendment without due process.

Specific Charges:

The United States Government has discriminated against retired Military employees including me, plus about 1.8 million retired Military Veteran employees and their dependents (since 1995 (my age 65) to include the 106th Congress, when compared with retirement entitlements for health care insurance enjoyed by each and every retired Civilian Federal employee.

The above named Members of the 106th Congress either cosponsored Senator Warner's Senate Bill S2087, or have not cosponsored S2003 "Keep Our Promise to America's Military Retirees Act" or House Bills HR 2966 and HR3573 "Keep Our Promise to America's Military Retirees Act".

These combined actions on the part of the above named individuals, Members of the 106th Congress have in essence blocked the progress of legislation to correct the long standing discrimination of Congress between the two separate, but equal groups of Federal retirees.. The retired civilian Federal employee and the military retired employee.

The retired civilian Federal employees have their choice between different medical insurance plans available to them. Each of these insurance plans are paid in part by the employer, the Federal Government.

The retired military Federal employee on the other hand is not covered by any insurance plan after age 65, that the Government helps pay the costs of insurance.

In short, the discrimination charged against the defendants in this lawsuit are ensuring that, they by their cosponsoring actions in the 106th Congress are ensuring that the Government discrimination against retired military employees will continue, specifically because they are blocking action on S2003, HR 3573 and HR 2966 by their action of cosponsoring S2087 a Bill that does nothing to address the discrimination charges being brought forth here.

Date: May 8, 2000
